## Short-Term and Long-Term Courses

1) **Short Term Course (Online + 2 months Offline @Pune NVCC):** Many temples are unable to send devotees for a long period due to local service needs. Thus, we have come up with a short-term module to serve them.

- Sadhu Bhushan Course Online - Jan 23<sup>rd</sup>, 2023 onwards - Daily 1-hour Prescribed Hearing + Weekly Assessments
- Offline @Pune NVCC – May 3<sup>rd</sup> – July 3<sup>rd</sup>, 2023 - Sadhu Bhushan Course (12 days Camp by HG Radheshyam Prabhu and other senior Vaishnavas) and Dindi Yatra Experience

2) **Long Term Course (1-year course)** – It has all the activities mentioned in the poster. More details can be seen below in the chart.

All devotees coming for the Long-Term course need to first go through the Short-Term Course. Based on his conduct in the first two months at Pune NVCC, he may be permitted to take the long-term course.

If the devotee has not received much training in the basic philosophy and practices of Krishna consciousness, we recommend him to take only the short-term course OR he may join one of our youth centers to take the basic training.
