So now we are compelled to plagiarize the ranting hallucinations of a narcissistic, career psychopath, whom we don't want you to associate us with, but we are too enamored by him to realize how foolishly we are behaving!

## Can Dhira Govinda and JFSPF Be Trusted?

The so-called Justice for Prabhupada Foundation was created by Dhira Govinda on September 16, 2024. Its purpose was to revive new attention on the absurd rumor that Srila Prabhupada was poisoned. But can anything presented there be accepted as reliable evidence on this very old controversy?

Those who really want to understand what happened in 1977 will take the time to inform themselves of the counter evidence available in **The Video** (55.34 minutes <https://www.youtube.com/watch?v=vA-CzGs8XfA&t=10s>), or **The Book** (Amazon <http://jagannatha.com/deception-the-book/>) version of **DECEPTION** published on Gaura Purnima Monday, March 9, 2020. The video has convinced 80% of those who were confused about this issue to admit after seeing this documentary they could clearly understand how the poison conspiracy is a complete hoax created by a very disturbed individual who craves attention and hates ISKCON. Those who continue to cling to this absurd ruse appear to have been severely misled or fall within what the *National Institute of Mental Health* informs us makes up the 20% of the population that suffer from emotional disorders, unprocessed trauma, psychotic breakdowns, and individual's incapable of functioning in society without the help of serious psychosomatic medication.

The JFSPF Fib-Site debuted on September 16, 2024 with the bombastic Editorial: **"Vital New Information that Srila Prabhupada was 'Assassinated' by His Caregivers."** It proudly heralds the two documents Naveen Krishna purchased.

1. A 22 minute, "follow-the-bouncing-ball," video analysis of BBT audio recordings.
2. A "Salient Features" affidavit from Truth Labs

Upon close scrutiny we discover there is nothing **Vital or New** in either of these purchased affidavits! The first one attempts to make all the controversial audio evidence more credible by polishing it up like putting lipstick on a pig! It makes no attempt to disprove Tamal Krishna Maharaja's testimony where he said: *"The swelling is going down."* For him to say that makes perfect sense after physically repositioning Srila Prabhupada in his bed. Instead, Truth Labs just perpetuates the absurd allegation that he was saying *"The poison is going down"* even though Srila Prabhupada didn't drink a few teaspoons of milk until 6 minutes later? Every point in this misleading propaganda piece is dismantled and left standing naked and embarrassing at the following link: <https://jagannatha.com/analysis-of-22-minute-audio-clip/>

There has never been any other 2<sup>nd</sup> opinion from a credible source confirming what Dr. Morris reported! Any civil person would insist on this before accusing anyone of murder! Jumping to that conclusion is a form of criminal negligence, especially when one considers all the disclaimers Dr. Morris listed with his report which include: **"Do NOT Rule Out External Contamination!"** The "Salient Features" document has also been reviewed to reveal how fraudulent it is to present it as NEW evidence. All it does is present the same very old, rancid bad wine in a newly polished bottle! Buyer beware! <https://jagannatha.com/analysis-of-salient-features-report/>

Over the last year the JFSPF Fib-Site has published numerous editorials to fuel the emotional needs of that 20% of the population who thrive on this type of garbage journalism. (Think National Inquirer Tabloid!). They have made no serious attempt to address the many issues raised in **DECEPTION** and they run like cockroaches when the light gets turned if you ask them why they wouldn't address the 20 pages of questions found here: <https://jagannatha.com/questions-for-real-brahmins/> These questions would get asked in cross examination if Dhira Govinda was ever devious enough to find someone stupid enough to get this into a real courtroom.

Instead, all they JFSPF Fib-Site is capable of doing is take running potshots at the irrefutable facts presented in **DECEPTION** and after that first wave of distractions, they ran out of material to publish! So, to keep the propaganda going, they began plagiarizing the illogical gibberish from their most prolific mentor the severely troubled Nico Kuyt! <https://jagannatha.com/what-to-know-about-nico-2/>

On Tuesday September 2, 2025 the JFSPF Fib-Site dispatched an editorial with the title **"DECEIT IN GBC BOOKS 'NOT THAT I AM POISONED' AND 'DECEPTION' Part 1.** This was actually clipped directly from Nico's own Fib-Site which can be found here: **Mayeswara's Massive Misinformation** <https://prabhupadatruthcommission.org/mayeswaras-massive-misinformation/>

The fact that Dhira Govinda doesn't have the integrity to properly acknowledge the author reflects a lack of integrity which appears to be the lesser of two evils. This is a tacit confirmation that Dhira Govinda understands how troubled Nico is, which is why his name does not show up anywhere on the JFSPF Fib-Site. He has retained enough intelligence to know that having any connection with Nico's terribly dysfunctional, antisocial behavior will tinge whatever he publishes if people realize they are reading the muddled ideas of a madman.

Then one week later, on Tuesday September 9, 2025, the JFSPF Fib-Site dispatched an editorial with the title **"DECEIT IN GBC BOOKS 'NOT THAT I AM POISONED' AND 'DECEPTION' Part 2.** The pattern is obvious. You can expect next Tuesday, September 16<sup>th</sup> he will publish Part three. From there it can be anticipated that the JFSPF Fib-Site will continue splashing Nico's subsequent parts 4-10 over the next several months in a desperate attempt to discredit **DECEPTION**.

The alternative would be to realize that they cannot fool the 80% majority who are onto their tricks, then perhaps they will stop making fools out of themselves with such predictable dishonesty, admit defeat, delete this Fib-Site and rejoin Lord Chaitanya's extraordinary movement! If you want to understand how far these hucksters are willing to go to attract that disadvantaged 20% into their whirlwind of **DECEPTION** consider reading: **Calling the Poison Conspiracy Bluff:** <https://jagannatha.com/calling-the-poison-conspiracy-bluff/>
